

Youth Services Programs & Resources

Programs

Currently, all programs for children from birth through middle school are **virtual**. Our schedule is flexible, in response to the needs of our families, schools and community, as well as the health of our staff. Regular listings of new online storytimes, STEM activities and more will appear on the Library's website at www.olpl.org and on our Facebook page.

Recordings of previous virtual programs are available at OLPL's YouTube page at bit.ly/newYouTubeOLPL, as well as in the video section of our Facebook page.

We provide services and resources for teachers as well as families.
