**Inter FC Estudiantes Soccer Training Program**
Inter FC, a Youth Soccer Club based out of the southwest suburbs has been serving the area's youth soccer needs since 1999. Our players have had the opportunity to improve their technical skills and familiarity on the field by experiencing the game through play with guidance. There are no long lines or stagnant moments on the field as we strive to keep the sessions active, which adds to the players' enthusiasm to learn. The proper grouping and acceleration curve will be based on the age and ability of the participants. The new year for this camp will be increased an emphasis on competing in match type situations and more competitive play. Our objective is to help players gain more confidence and comfort while in game situations. We hope that you can join our Estudiantes program and enjoy the results! PDNA (sn)
